Presenter

U.S. Access Board

Dave Yanchulis

3

Detention and Correctional Facilities

Session Agenda

- unique provisions & exceptions
- common use areas
- accessible cells
- visiting areas

New ADA Standards

DOJ's 2010 standards
(mandatory March 15, 2012)

ADA and ABA Standards

ADA Standards (2010):
State & Local Government
Facilities

ABA Standards (2006):
Federal Facilities

Detention & Correctional Facilities

Facilities where people are *detained for penal or correction purposes*, or in which the *liberty of the inmates is restricted for security reasons*

7

Unique Provisions/ Exceptions

- Entrances & Doors
- General Exceptions
- Vertical Access
- Means of Egress/ ARAs
- Drinking Fountains
- Signs
- Telephones
- Holding & Housing Cells

8

Accessible Entrances (§206.4)

Detainee/ Inmate Entrances: at least 1

Restricted Entrances: at least 1 (if provided)

Public Entrances: 60% min.

9

Entrances & Doors (§404.1)

Exceptions for manual doors operated only by security personnel:

- Hardware
- Closing speed
- Opening force

Automatic doors: only clear width & threshold requirements apply)

10

Entrances (§206.8)

Bollards and other security barriers cannot obstruct accessible routes

11

Entrances

Accessible route required through or around security screen devices

12

Communication Systems (§230)

2-Way Communication Devices:

Visual and audible signals required

13

General Exceptions (§203.3)

Exempt: Areas raised primarily for purposes of security (e.g., guard tower) or life/fire safety

14

General Exceptions

Exception also applies to raised interior spaces used by personnel to monitor detainees and inmates

15

Other Exceptions

Apply only to inmate or detainee use areas, not to public use areas

16

Common Use Areas (§203.7)

Exempt:

Common use areas used by inmates/detainees that do not serve accessible cells

17

Common Use Areas

Exception does not apply to any common use areas serving accessible cells

18

Common Use Areas

Elements provided must comply (e.g., dining/work surfaces, drinking fountains, phones, etc.)

19

Drinking Fountains (§211.1)

Dual access (from standing and seated positions) required at drinking fountains provided in secured areas

Exempt:
Units serving only inaccessible cells

20

Telephone: TTYs (§217.4)

At least 1 TTY required if payphone provided in secured area for detainees/inmates

Requirements for volume control and wheelchair access also apply to provided phones

21

Vertical Access (§206.2.3)

Access between stories is required when part of an accessible route to:

- accessible cells
- all common use areas serving accessible cells
- all public use areas

22

Vertical Access (§206.2.3)

Vertical access not required to levels without accessible cells or public/common use spaces required to be accessible

23

Stairways (§210.1)

Exempt: Stairs in non-public areas

24

Means of Egress (§207.1)

Standards reference to the International Building Code

Exception:

Areas of refuge not required in detention/correctional facilities

25

Signs (§216.1)

Exempt:

Signs not located in public use areas

Signs in public use areas must fully comply

26

Common Use Areas

Exempt: stairs, raised security areas, signs

Covered elements include fixed tables, phones, drinking fountains

27

Holding & Housing Cells

28

Holding & Housing Cells (§232)

DOJ standards: enhanced scoping and dispersion requirements §35.151(k)

29

Holding & Housing Cells

Mobility Access (ADA Standards)

- at least 3% (no fewer than 1)
- Distribution in each classification level

Federal Facilities:

- 3% min. (Bureau of Prison design guidelines)

30

Holding & Housing Cells

Alterations (ADA Standards)

Access to substitute cells permitted if:

- Integrated with other cells
- Equivalent access to programs & services
- Located on same site
(allowed on other site in system only if compliance is technically infeasible)

31

Special Use Cells

Access to at least 1 cell serving each purpose

Examples:

- disciplinary detention/ segregation
- protective custody
- orientation, detoxification
- medical isolation

32

Housing & Holding Cells

Communication Access

2% min. scoping for cells:

- equipped with audible emergency alarm systems
- permanently installed telephones

33

Medical Care Facilities (§223)

Scoping for patient bedrooms in medical and long-term care facilities applies (whether or not facility is licensed)

34

Holding & Housing Cells (§807)

- Turning space
- Benches (where provided)
- Beds (where provided)
- Toilet & bathing Facilities

35

Holding & Housing Cells

- Access to at least 1 bench
- Turning Space (60" circle or T-shape)
- Doors (exceptions if operated only by security personnel)

36

Housing Cells: Beds

- Access to at least 1 (5% in cells with > 25 beds)
- Clear floor space for parallel approach
- Bed height: 17"-19" recommended

37

Other Elements

Other fixed elements provided in cells must comply (e.g., work/writing surfaces, storage, etc.)

38

Toilet Facilities

Full compliance for water closets serving accessible cells (location, clearance, grab bars, etc.)

39

Toilet Facilities

Lavatory cannot overlap water closet clearance

40

Toilet Facilities

Water closet & lavatory clearances can overlap;
knee/ toe space at lavatory 17" deep min.

41

Toilet Facilities

Combination units that
comply can be used;
otherwise separate
fixtures required

42

Toilet Facilities

Combination units:
compliant grab
bars and water
closet clearance

Toilet Facilities

Combination units:
compliant lavatory,
including clearance and
knee/toe space

Toilet Facilities

Grab bars: not required in cells *specifically designed without protrusions* for suicide prevention
(required in all other accessible cells)

Infill plates can be used
but cannot obstruct
gripping surface

Bathing Facilities

Bathing facilities serving accessible cells must have at least 1 accessible shower (transfer stall or roll-in) or tub

46

Bathing Facilities: Showers

Fixed shower (48" max. high) can be used instead of hand-held shower spray unit

47

Visiting Areas

- Access on both visitor and inmate side (at least 1 counter or 5% of cubicles) in each area
- Method to facilitate voice communication where security glazing provided
- Volume control if handset provided

48

Visiting Areas

Swing-away seats can be located at accessible counters (must fully clear wheelchair space)

49

Other Requirements

Additional requirements of the ADA and the Rehabilitation Act:

- Program Access
- Reasonable Modifications
- Effective Communication

See DOJ's ADA Regulations (§35.152)
