

Welcome to the Section 508 Best Practices Webinar Series

The Session is Scheduled to begin at 1:00pm Eastern Time
We will be testing sound quality periodically

Audio and Visual are provided through the on-line webinar system. This session is closed captioned. Individuals may also listen via telephone by dialing 1-712-432-3066 Access code 246112 (This is **not** a Toll Free number)

The content and materials of this training are property of the presenters and sponsors and cannot be used without permission. For permission to use training content or obtain copies of materials used as part of this program please contact us by email at info@adaconferences.org or toll free (877)232-1990 (V/TTY)

www.adaconferences.org/CIOC

A collaborative program between the
Accessibility Community of Practice of the CIO
Council and The U.S. Access Board

Listening to the Webinar

- The audio for today's webinar is being broadcast through your computer. Please make sure your speakers are turned on or your headphones are plugged in.
- You can control the audio broadcast via the Audio & Video panel. You can adjust the sound by "sliding" the sound bar left or right.
- If you are having sound quality problems check your audio controls by going through the Audio Wizard which is accessed by selecting the microphone icon on the Audio & Video panel

2

Listening to the Webinar, *continued*

If you do not have sound capabilities on your computer or prefer to listen by phone, dial:

1-712-432-3066

**Pass Code:
246112**

This is **not** a Toll Free number

3

Listening to the Webinar, *continued*

MOBILE Users (iPhone, iPad, or Android device (including Kindle Fire HD))

Individuals may listen** to the session using the Blackboard Collaborate Mobile App (Available Free from the Apple Store, Google Play or Amazon)

**Closed Captioning is not visible via the Mobile App and limited accessibility for screen reader/Voiceover users

4

Captioning

- Real-time captioning is provided during this webinar.
- The caption screen can be accessed by choosing the  icon in the Audio & Video panel.

- Once selected you will have the option to resize the captioning window, change the font size and save the transcript.

5

Sign Language Interpreter

- Video Sign Language Interpreter is available for this session
- To access the Sign language Choose “Video” from the Audio and Video Panel. This will open a video window.
- To ensure that your system retains focus on the Sign Language Interpreter make sure that **everything** is **unchecked** in the **options menu**

Select Video

6

Submitting Questions

- You may type and submit questions in the Chat Area Text Box or press Control-M and enter text in the Chat Area
- If you are connected via a mobile device you may submit questions in the chat area within the App
- If you are listening by phone and not logged in to the webinar, you may ask questions by emailing them to info@adaconferences.org

- Please note: This webinar is being recorded and can be accessed on the Section 508 Best Practice Webinar Series website at www.adaconferences.org/CIOC within 24 hours after the conclusion of the session.
-

7

Customize Your View

- Resize the Whiteboard where the Presentation slides are shown to make it smaller or larger by choosing from the drop down menu located above and to the left of the whiteboard. The default is “fit page”

8

8

Customize Your View continued

- Resize/Reposition the Chat, Participant and Audio & Video panels by “detaching” and using your mouse to reposition or “stretch/shrink”. Each panel may be detached using the  icon in the upper right corner of each panel.

9

Technical Assistance

- If you experience any technical difficulties during the webinar:
 - Send a private chat message to the host by double clicking “Great Lakes ADA” in the participant list. A tab titled “Great Lakes ADA” will appear in the chat panel. Type your comment in the text box and “enter” (Keyboard - F6, Arrow up or down to locate “Great Lakes ADA” and select to send a message); or
 - Email info@adaconferences.org; or
 - Call 877-232-1990 (V/TTY)

10

Welcome

- ▶ Webinar series:
“Best Practices in Federal Section 508 Implementation”
 - This webinar is part of a series. Other presentations can be viewed at:
 - <http://www.adaconferences.org/CIOC/Archives/> and
 - <https://efedlink.org/allqual/resource-shared-webinars.cfm>
- ▶ A best practice is a policy, process, procedure or technique proven effective over time and repeatable by multiple agencies.
- ▶ A best practice is generalized so that diverse agencies may use it in their own organizations but specific enough to provide useful guidance and instruction.
- ▶ The CIO Council’s Accessibility Community of Practice has published a library of 508 Best Practices at www.Section508.gov

Section 508 Best Practices Webinar upcoming DATES for 2017:

- ▶ Webinars dates will be bi-monthly during 2017.
January, March, May, July, September, November
- ▶ Next Webinar: March 28, 2017 –
- ▶ Topic: To be announced
- ▶ Time: 1:00 to 2:30 p.m. ET
- ▶ Future webinar dates and topics are forthcoming

Past webinars are ARCHIVED:

- <http://www.adaconferences.org/CIOC/Archives>
- <https://efedlink.org/allqual/collaborate-webex-archive.cfm>

Section 508 Refresh

ICT Final Standards and Guidelines
(2017)

14

Presenters

U.S. Access Board

Bruce Bailey

Timothy Creagan

15

Presentation Outline

- Final Rule Structure and Organization
- Key Changes and Issues from Proposed Rule
- Key Changes and Issues from Original 508
- Overview of 508 Standards
 - Including Some Differences in 255 Guidelines
- Resources
- Questions and Answers

16

Timeline: ICT Refresh and Related W3C Activities

Access Board

February 3, 1998 – Original Telecommunications Act Accessibility Guidelines

December 21, 2000 – Original Section 508 Standards

July 6, 2006 – Members named to Advisory Committee (TEITAC)

April 3, 2008 – TEITAC presents final report

March 22, 2010 – Draft proposed rule (ANPRM) to update the Section 508 standards and Telecommunications Act guidelines

December 8, 2011 – Revised draft proposed rule (2nd ANPRM)

February 27, 2015 – Proposed rule (NPRM) published in Federal Register

January 18, 2017 – Final rule published in FR

W3C

May 5, 1999 – Final version of WCAG 1.0

January 25, 2001 – First public Working Draft of WCAG 2.0

December 11, 2008 – Final version of WCAG 2.0

May 18, 2012 – WCAG2ICT Task Force convened to report on how to apply WCAG 2.0 to non-Web ICT

October 26, 2012 – WCAG 2.0 becomes ISO/IEC International Standard ISO/IEC 40500:2012

September 5, 2013 – Guidance on Applying WCAG 2.0 to Non-Web Information and Communications Technologies

17

Terminology Updated

Information and Communication Technology (ICT)
instead of Electronic and Information Technology (EIT)

Function-based approach instead of product categories

• Examples:

ICT with Two-Way Voice Communication
instead of “Telecommunications products”

ICT with Closed Functionality
Instead of “Self-contained, closed products”

18

Many Changes in 17 Years – 2000 to 2017...

- Extensive use of voluntary consensus standards incorporated by reference (IBR)
- Scoping sections impact the application of the technical sections

19

Final Rule Structure and Organization

20

Final Rule Structure and Organization

Draws on our rulemaking experience:

- ADA and ABA Accessibility Guidelines and Standards
- Formatting is similar to industry standards

Structure and organization is the same as proposed in the 2015 NPRM

21

Sections Titles Use Whole Numbers

Each section will have one or more subsections

- Subsections use a number with a decimal point, and also have titles
- Subsections may themselves have subsections (with two or more decimal points)

Example:

412 ICT with Two-Way Voice Communication

412.1 General

412.2 Volume Gain

412.2.1 Volume Gain for Wireline Telephones

22

Final Rule Structure and Organization

- The final rule is comprised of both the Revised 508 Standards *and* the Revised 255 Guidelines
- In the CFR, they will both appear as Appendices to 36 CFR part 1194

23

Information and Communication Technology Standards and Guidelines: 36 CFR Part 1194

Appendix A

508 Chapter 1: Application and Administration

508 Chapter 2: Scoping

Appendix B

255 Chapter 1: Application and Administration

255 Chapter 2: Scoping

Appendix C

Chapter 3: Functional Performance Criteria

Chapter 4: Hardware

Chapter 5: Software

Chapter 6: Support Documentation and Services

Chapter 7: Referenced Standards

Appendix D

EIT Accessibility Standards as Originally Published on December 21, 2000

24

Key Changes and Issues from Proposed Rule

25

Key Changes and Issues from Proposed Rule

Final Rule as compared to 2015 Proposed Rule
(NPRM)

- New “Safe Harbor” provision for Legacy ICT
(Revised 508 Standards only)
- Real Time Text (RTT)
- Functional Performance Criteria (FPC)

26

New “Safe Harbor” Provision in the revised 508 Standards (E202.2)

Any component or portion of existing ICT that complies with an earlier standard issued pursuant to Section 508 of the Rehabilitation Act of 1973 (as amended), and that has not been altered on or after January 18, 2018, shall not be required to be modified to conform to the Revised 508 Standards.

- “Existing ICT” and “Alteration” are defined in E103.4

27

Real-Time Text (RTT)

Reserved (412.5 is the place holder)

Deference to ongoing FCC rulemaking on RTT

FCC Report and Order, released Dec. 16, 2016

Petition for Rulemaking to Update the Commission’s Rules for Access to Support the Transition from TTY to Real-Time Text Technology, and Petition for Waiver of Rules Requiring Support of TTY Technology

28

FCC RTT Report and Order Addresses:

- Transition from TTY technology to RTT technology that permits simultaneous voice and text on the same call using the same device
- Interoperability achieved by adhering to RFC 4103 as a safe harbor standard
- Backwards compatibility with TTYs (supported for a specified period)
- Support for RTT transmissions to 911 call centers and telecommunications relay centers

29

Requirements for TTY and RTT are in Transition

The Access Board continues to monitor these proceedings and will update the 508 Standards and 255 Guidelines as appropriate in a future rulemaking

There are no TTY requirements in the Revised 508 Standards for the time being

- TTY compatibility is still required under current 255 requirements as enforced by the FCC

30

Functional Performance Criteria (FPC) Changes:

FPC added to address cognitive accessibility (302.9)

- New to Revised 508 Standards
- Already in original 255 Guidelines
- Harmonizes with EN 301 549 (European Union standard)

FPC for Limited Hearing (302.5) and Limited Vision (302.2) modified

- Responsive to NPRM comments
- More closely harmonize with EN 301 549 standard

31

Role of the FPC Clarified

Use of FPC is consistent with past and current practices:

- FPC are applicable when the technical requirements in Chapters 4 and 5 do not address the functions of the ICT
- FPC are used when ICT does not conform to technical requirements

32

When ICT Does Not Conform to Technical Requirements

FPC are the basis for equivalent facilitation

- FPC are used to determine whether substantially equivalent or greater accessibility is provided

When ICT features do not conform to technical requirements, test those features against the FPC

When ICT features conform to the technical requirements in Chapters 4 and 5, the FPC are not applicable

33

Key Changes and Issues from Original 508

34

Key Changes and Issues from Original 508

Final Rule as compared to 2000 Original 508 Rule

- Broad Application of WCAG 2.0
 - Delineation of Covered Electronic Content
- ICT with Closed Functionality
- What about Mobile?

35

Broad Application of WCAG 2.0

WCAG 2.0 Level A and AA Success Criteria and Conformance Requirements applied to:

- Web content
- Covered non-Web documents
- Software user interfaces

Similar Approach is Used Elsewhere

- Consistent with proposals in second ANPRM and NPRM

36

WCAG 2.0 Incorporation By Reference (IBR)

37

WCAG 2.0 Incorporation By Reference

Citations to WCAG 2.0:

508 Chapter 2

E205.4 Accessibility Standard (under E205 Electronic Content)

E207.2 WCAG Conformance (under E207 Software)

Chapter 5: Software

504 Authoring Tools

Chapter 6: Support Documentation and Services

602.3 Electronic Support Documentation

38

WCAG 2.0 IBR for Electronic Content

E205.4 Accessibility Standard

Electronic content shall conform to Level A and Level AA Success Criteria and Conformance Requirements in WCAG 2.0 (incorporated by reference, see 702.10.1)

E205.4 continues...

- Exception for non-Web documents from the four Success Criteria that are for “sets of Web pages”
- E205.4.1 details the word substitution needed for read WCAG 2.0 for non-Web documents

39

WCAG 2.0 IBR for Software

E207.2 WCAG Conformance

User interface components, as well as the content of platforms and applications, shall conform to Level A and Level AA Success Criteria and Conformance Requirements in WCAG 2.0 (incorporated by reference, see 702.10.1)

Exception, word substitution, and rewrite of WCAG Conformance Requirement 3

Same approach as with E205.4

- But for software instead of documents
- Mechanics of word substitution more complex
- Exception for software that is assistive technology

40

WCAG 2.0 IBR Under 255 Guidelines

Electronic Content

C203.1 is nearly identical to E205.4

Electronic content that is integral to the use of telecommunications or customer premises equipment shall conform to Level A and Level AA Success Criteria and...

Software

C205.2 is identical to E207.2

41

Delineation of Covered Electronic Content (Revised 508 Standards only)

E205.2 Public Facing

Electronic content that is public facing shall conform...

E205.3 Agency Official Communication

Content that is not public facing
Agency official communication in nine categories

Exception for NARA records

42

E205.3 Agency Official Communication

- A. An emergency notification
- B. An initial or final decision adjudicating an administrative claim or proceeding
- C. An internal or external program or policy announcement
- D. A notice of benefits, program eligibility, employment opportunity, or personnel action
- E. A formal acknowledgement of receipt
- F. A survey questionnaire
- G. A template or form
- H. Educational or training materials
- I. Intranet content designed as a Web page

43

ICT with Closed Functionality

402 Closed Functionality

- Five subsections, some extensive
- Explicit requirement for speech output

402.2 Speech-Output Enabled

ICT with a display screen shall be speech-output enabled for full and independent use by individuals with vision impairments

- Six exceptions
- Five subsections

44

What about Mobile?

No separate chapter or section for mobile

Mobile technology was taken into account throughout the rulemaking process

Mobile phones are covered under hardware

See Chapter 4: Hardware

Mobile apps are covered under software

See Chapters 2 citations to WCAG 2.0 for software (E207.2 and C205.2)

See Chapter 5: Software

45

Do phones have to be speech-output enabled?

Scoping requirements different under 508 Standards and 255 Guidelines

Under 508, all of 402 Closed Functionality applies, including 402.2 Speech-Output Enabled

Under 255, there are exceptions

See C204 Hardware, where 402 is listed as an exception

46

402 Closed Functionality

Closed Functionally applies to ICT such as phones and kiosks

- Several provisions in Chapter 4 have exceptions for personalized ICT
- Example: 402.2.5 Braille Instructions
EXCEPTION: Devices for personal use shall not be required to conform to 402.2.5.

47

Section 255 Guidelines Scoping Exceptions

ICT covered by Section 255 is generally required to comply with technical requirements (Chapters 4 thru 7)

Under 255 only, there are hardware exceptions for:

- Closed Functionality (402)
- Tactile orientation of tickets and fare cards (407.7)
- Reach range, height, and depth (407.8)
- Display screen visible from seated height (408)
- User Controls for Captions and Audio Descriptions (415)

48

Overview of 508 Standards

49

Overview of 508 Standards

Chapter 1: Application and Administration

Chapter 2: Scoping

Chapter 3: Functional Performance Criteria

Chapter 4: Hardware

Chapter 5: Software

Chapter 6: Support Documentation and Services

Chapter 7: Referenced Standards

50

Section 508 Requirements, Chapters 1 & 2

Chapter 1: Application and Administration

E101 General

E102 Referenced Standards

E103 Definitions

Chapter 2: Scoping Requirements

E201 Application

E202 General Exceptions

E203 Access to Functionality

E204 Functional Performance Criteria

E205 Content

E206 Hardware

E207 Software

E208 Support Documentation and Services

51

Chapter 3: Functional Performance Criteria

301 General

302 Functional Performance Criteria

302.1 Without Vision

302.2 With Limited Vision

302.3 Without Perception of Color

302.4 Without Hearing

302.5 With Limited Hearing

302.6 Without Speech

302.7 With Limited Manipulation

302.8 With Limited Reach and Strength

302.9 With Limited Language, Cognitive, and Learning Abilities

52

Chapter 4: Hardware

- 401 General
- 402 Closed Functionality
- 403 Biometrics
- 404 Preservation of Information Provided for Accessibility
- 405 Privacy
- 406 Standard Connections
- 407 Operable Parts
- 408 Display Screens
- 409 Status Indicators
- 410 Color Coding
- 411 Audible Signals
- 412 ICT with Two-Way Communication
- 413 Closed Caption Processing Technologies
- 414 Audio Description Processing Technologies
- 415 User Controls for Captions and Audio Descriptions

53

Chapter 5: Software

- 501 General
- 502 Interoperability with Assistive Technology
- 503 Applications
- 504 Authoring Tools

54

Chapters 6 and 7

Chapter 6: Support Documentation and Services

601 General

602 Support Documentation

603 Support Services

Chapter 7: Referenced Standards

701 General

702 Incorporation by Reference

55

Comparison of Appendices A (508) and B (255): Chapters 1

Both Chapters 1 have the same three provision titles

- General
- Referenced Standards
- Definitions

Some definitions only appear in one or the other

56

Comparison of Appendices A (508) and B (255): Chapters 2

Same:

- E201 Application corresponds to C201 Application

Different:

- 508 Chapter 2 has section for “Access to Functionality” (E202) and “General Exceptions” (E203)
- 255 Chapter 2 does not have these sections

Same:

- E204 through E208 corresponds to C202 through C206
