Common Challenges

ADA COORDINATOR	ORGANIZATION
<ul style="list-style-type: none"> • Lack of time • Lack of knowledge and training • Starting from scratch • Limited resources • Lack of authority • Strained relationships • Supervisor does not understand the scope and/or content of the work 	<ul style="list-style-type: none"> • Limited awareness • Lack of knowledge • Lack of ownership • "No budget" for accessibility • Accessibility is an afterthought • Accessibility is not a priority • Failure to invest necessary resources

8

Accessibility is everyone's responsibility

The designation of an employee responsible for coordinating efforts to comply with ADA Title II "in no way limits a public entity's **obligation to ensure that all of its employees comply with the requirements** of this part, but it ensures that any failure by individual employees can be promptly corrected by the designated employee."

Section-by-Section analysis of ADA Title II regulations

9

17

17

Engage your community

18

18

Get to know the local disability community

MAKE CONTACT WITH:

- Disability advisory body
- Independent Living Center
- Disability service organizations
- Local disability rights advocates
- And more...

ASK:

- What has been your experience with the entity?
- What is working well?
- What barriers or challenges need to be addressed?
- Who else should I talk to?
- Would you like to be added to my email distribution list?
- Is there anything else you would like me to know?

19

19

Stay connected

- Attend community meetings and events
- Sign up for organization newsletters
- Distribute your contact information widely
- Establish an email distribution list
- Be responsive

20

20

Invest in your disability advisory body

- Clarify the body's mission/purpose and scope of authority
- Help the body understand how the entity operates and important processes
- Provide information about the entity's activities and topics of interest
- Connect members with other local disability advocates and organizations
- Remind members to keep in touch with the individual who appointed them

21

21

Help advisory body members understand how they can be most effective

- Assist the body with focusing where their attention is most needed
- Explain the limits of your authority/influence and be as clear as you can about specific problems the body may want to address
- Encourage the body to...
 - Research and ask questions
 - Become familiar with resources allocated to accessibility
 - Make specific recommendations that take into account what the entity is currently doing
 - Participate in public comment opportunities
 - Engage the community and share what they learn

22

22

Understand your entity

23

23

Learn how your entity operates

- **Organizational structure**
 - Key decision makers
 - Reporting structure
 - Mission/vision/priorities
- **Departments**
 - Key areas of responsibility and lead staff
 - Policy and planning documents
- **Budget**
 - Budget process and timeline
 - Budget documents
- **Citywide collaboration**
 - Centralized vs. decentralized work
 - Citywide groups and teams that meet on a regular basis

24

24

 - When was it last updated?
 - What was evaluated?
 - Who conducted the evaluation?
 - Who is responsible for monitoring implementation and reporting progress?
- **Transition Plan**
 - Where is it?
 - When was it last updated?
 - What facilities were included?
 - Who developed the plan?
 - Who is responsible for monitoring implementation and reporting progress?

26

26

Work towards a sustainable Accessibility Management Plan

27

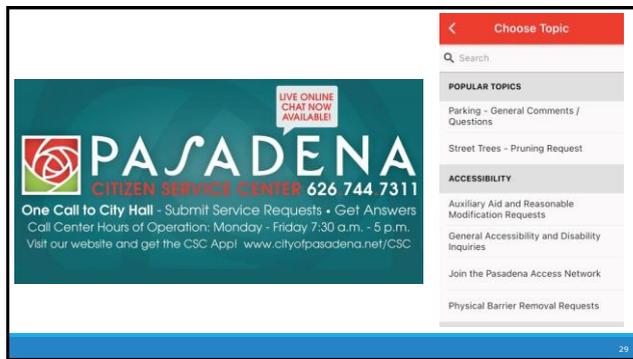

27

Purpose

- Facilitate proactive accessibility measures
- Memorialize existing and new procedures
- Reference other documents that contain relevant procedures
- Prevent discrete issues from falling through the cracks
- Support entity wide accountability
- Withstand staff changes
- Provide a work plan for the ADA Coordinator

28

28

29

29

Example content

- Topic
 - Authority
 - Brief description
 - Action items
- Action statement
 - Responsible department
 - Responsible staff
 - Implementation
 - Monitoring
 - Enforcement
 - Frequency
 - Corresponding training
 - Corresponding resources
 - Justification/history

30

30

How you talk about access matters

- Genuinely care about what you are talking about
- Share specific stories and examples
- Be prepared to dispel common misconceptions and respond to outdated language
- Support a culture of inclusivity through a consistent message that aligns with your entity's mission
 - "The City of Pasadena is dedicated to delivering exemplary municipal services responsive to our entire community and consistent with our history, culture and unique character."
 - In order for our services to be responsive to the entire community, they must be accessible to people with disabilities...

34

34

Understand motivations

Personal Interest	Organizational Interest	Community Interest
<ul style="list-style-type: none"> • Personal experience with disability • Requirement of the job • Rule follower • Want to support YOU 	<ul style="list-style-type: none"> • Liability • Compliance • Program funding requirement • Mutual benefit • Financial benefit 	<ul style="list-style-type: none"> • Community need/request • It's the right thing to do • Interested in universal design

35

35

Maintain good relationships

- Be someone people want to contact
 - Approachable
 - Responsive
 - Knowledgeable
 - Available to assist
- Invite the right people to the table
- Be diplomatic
- Celebrate successes, good efforts, and thoughtful inquiries
- Perform your work with integrity
- Remain mission focused

36

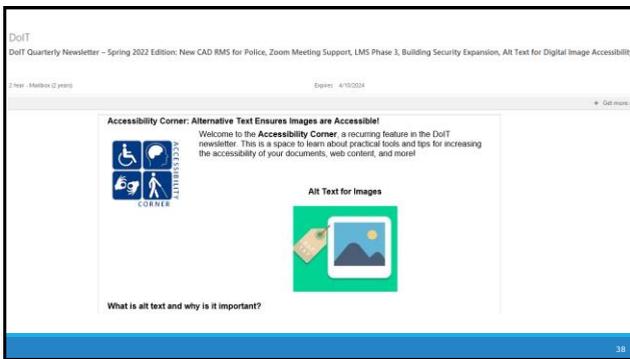

36

Keep accessibility top of mind

- Discuss accessibility at all levels
- Reiterate that accessibility is everyone’s responsibility
- Sprinkle anecdotes, current events, and “fun facts” into conversations and meetings
- Meet regularly with key partners
- Show up to staff events
- Be creative!

37

37

38

38

Don't reinvent the wheel

- Integrate accessibility into existing policies, procedures, and projects
- Be thoughtful about creating new policies
- Use models provided by DOJ
- Consult with other jurisdictions
 - Examples and templates
 - How do they address specific issues

39

39

Give expert level recommendations

- Question**
 - Clarify the **question**
 - Obtain relevant **details**
- Research**
 - Identify and review relevant **authorities**
 - Review **guidance** and **best practices**
- Analysis**
 - **Apply** authority, guidance, and best practices to the specific question and circumstances
- Recommendation**
 - Present **options** (risks/benefits, most/least protected)
 - Make a **specific recommendation**
- Follow-Up**
 - Offer **opportunity for follow-up**
 - When necessary, ask for an update on the final decision

40

40

Leverage opportunities to move beyond minimum compliance

- Disability community priorities
- Safety
- Broad impact
- Mutual benefit
- Strong allies
- Right time
- Hot topic
- Easy wins

41

41

Turn frustration into action

When something goes wrong, ask...

- What happened (or didn't happen)
- Why was it wrong?
- Who has control or authority to fix it?
- How can they fix it?
- How can they prevent it from happening again?
- What do they need from you?
- Document

42

42

Respond to resistance with authority

- Slippery slope
 - The requestor is lying
 - Too expensive
 - Too difficult
 - Don't have enough staff
 - Don't have the time
- Clearly state what is required
 - The ADA requires...
 - Requests must be assessed on a case by case basis
 - Any denial must be based on exceptions allowed under the ADA
 - Ask for an opinion from your entity's attorney
 - Determine who else should be consulted before a final "no"
 - Document

43

43

"No budget" for minimum compliance is not your problem to solve

If you do not have the budget to meet minimum accessibility requirements, you do not have the budget for the project

Let me know how I can help you integrate accessibility from the beginning in the future

44

44

No = Not Yet (only in this specific context)

- Plan before you ask
- Understand why the answer was "no"
- Modify your plan in response
- Watch for opportunities to ask again or in a different way
 - Leadership changes
 - Alignment with new priorities/goals
 - Public pressure
 - New guidance or enforcement activities
 - Passage of time
- Be ready for YES

45

45

Leverage Transitions

- Staff movement is a good time to...
 - Expand your reach
 - Meet new people
 - Propose action in new areas
- Leadership changes are a good time to...
 - Reintroduce yourself
 - Reintroduce proposals
 - Start fresh

46

What gets measured gets done

- Share your accessibility management plan with your supervisor and provide regular reporting on progress
- Consider publishing an annual ADA Report
- Ask departments to share their accessibility accomplishments with you
- Identify opportunities to incorporate accessibility into existing reports
- Include accessibility compliance in performance evaluations

47

Set boundaries – you cannot do it all!

- Address knowledge gaps with information, resources, and training
- Do not do the work of others
- Stay in your lane
- When taking on new duties, discuss prioritization of work with your supervisor
- Take a deep breath and let it go

48

Celebrate successes!

- Celebrate wins big and small
- Give appreciation for thoughtful inquiries
- Tell supervisors about extra efforts of their staff
- Pass along positive community feedback
- Share progress with the disability advisory body

49

49

What's next?

50

50

Advocating for an ADA Coordinator

- Full time or part time
- Knowledge and experience
- Minimum qualifications (ADAC within specific timeframe?)
- Participation in continuing education and networking
- Subject matter responsibilities
- Placement within the organization (department/supervisor)
- Authority
- Resources and support
- Department level accessibility liaisons
- Other mechanisms to ensure entity wide accountability for accessibility
